MEMORANDUM FOR THE EXECUTIVE TO THE DIRECTOR, CIG:

SUBJECT: Proselyting

It is suggested that an order be published to all employees of the CIG directing that they will not contact any employee of another office or branch with a view to offering them employment elsewhere in CIG without prior clearance, in writing, from the Assistant Director concerned, or his Executive, stating that such employee is available for consideration. The order should also specify that no employee will offer himself for employment elsewhere in CIG without prior written approval from the Assistant Director under whom he is employed, or his representative, except in cases where such employee has resigned or has been terminated. In the event of the latter, any other office or branch desiring to consider such application should request an evaluation of the person's qualifications prior to consideration.
